BRANDING IS IMPORTANT

Branding promotes recognition.

People tend to do business with companies they are familiar with. If your branding is consistent and easy to recognize, it can help people feel more at ease purchasing your products or services.

Your brand helps set you apart from the competition.

In today's global market, it is critical to stand apart from the crowd. You are no longer competing on a local stage, your organization now competes in the global economy. How do you stand out from the thousands or millions of similar organizations around the world?

A strong brand generates referrals.

People love to tell others about the brands they like. People wear brands, eat brands, listen to brands, and they're constantly telling others about the brands they love. On the flip side, you can't tell someone about a brand you can't remember. A strong brand is critical to generating referrals or viral traffic.

Graphic and Print Guidelines

Art requirements: Editable vector art in .EPS, .PDF, .SVG or .AI (any version) formats. Additional fees may apply for handling of other art file types. PMS colors must be indicated for all pad printed orders or we will do best color match. Documents must be print ready and submitted at 100% final size with no additional alteration necessary or fees may apply. Before submitting artwork, convert all text to outlines, paths or curves to ensure exact duplication of type style. Alterations to submitted artwork will delay quoted production times. We reserve the right to delay or reject any order based on the quality of artwork received.

We also reserve the right to make slight alterations to your file to adapt to the required decoration process. Some small shapes and thin lines may not reproduce at the size or thickness submitted. Multicolor close-registration is not available on all products.

Art design, from concept to completion, also available, with pricing dependent upon design complexity.

Typesetting: If a specific font is required, the name of that font must be noted on your purchase order. If we do not have the desired font, the type will be re-set using a standard font or one that matches the desired font as closely as possible.

Trademarks and Logos: Customer assumes full responsibility for legal rights to trademarks and logos used in their orders. All artwork, trademarks, and logos shown in this brochure are for demonstration purposes only and are not intended to represent that the products are endorsed by their respective owners.

Rights to Promotion: Unless otherwise indicated in writing, Smoke Promos reserves the right to use any items produced for catalogs, displays, advertisements, and websites or any other promotional purpose.
